We had our supper at Robertsons Chapel. We made clear of all expenses \$19.50. We had a quiet pleasant time in the house, but some of our boys were sorry to say were drinking and we heard some shooting. This we we hear on all occasions out here. We hear it at suppers, church, prayer meeting and in fact at most gatherings we have.

We noticed in last week's Courier we were criticised in regard to our supper at Berlin by "one who saw and heard." At first we were mad but after considering the matter we were made glad. All who attended took part with us and we had a jolly time. Some of the boys were drinking as usual, they do on all occasions. We made \$17.50 we have \$10.00 loaned out at 6 per cent interest. As to having another supper Christmas, will say this is the first we have ever heard of it, but we may, we have to have a little extra money to defray our preacher's little expenses who object to these suppers and never help in any way but is always seeking an opportunity to do an injury to our school. In conclusion we kindly ask "One who saw and heard" to visit our Sunday-school and take part with us in singing the "sweet songs of Zion" and in the prayers that so beautifully correspond, and we will assure you that ere long malicious spirit which seems to be your guiding star will

fade away and be no more and you will be the happy possessor of a Christ like spirit and do all you can to uphold and advance His cause.
